Wake up to your dreams  
And watch them come true  
I'll make you whisper my name,  
I'll never leave the room  
Night and day, I'll be your muse  
No other girl can make you feel the way I do

I can make the stars dance  
Light the moon, I can make the stars dance  
If you want me too  
The sky is everywhere, so make me under it  
I can make the stars dance dance  
Dance with you

Don't be afraid, close your eyes  
Let me take you to places you've never been  
Tonight I thought by know you'd realize  
I can do anything I put my minds too

I can make the stars dance  
Light the moon, I can make the stars dance  
If you want me too  
The sky is everywhere, so make me under it  
I can make the stars dance dance  
Dance with you

Everything I touch turns to love  
Everything I do will open up heaven  
It's dead steady, there's falling and flying in love  
Nothing's forever because we are just stars, dance

I can make the stars dance  
Light the moon, I can make the stars dance  
If you want me to  
The sky is everywhere, so make me under it  
I can make the stars dance dance  
Dance with you

I can make the stars dance  
I can make the stars dance  
I can make, I can make, I can make the stars dance

The sky is everywhere, so make me under it  
I can make the stars dance dance  
Dance with you
