[Verse 1]

Been a long day, waiting for the night to come
I check my iPhone,
Let me see what's going on, going on, going on
Help me DJ, play my favorite song,
Make the speakers shake, speakers shake
Now everybody wants to sing along, sing along,

When the night is here
The only thing on my mind is having a good time when
the moon appears
You can always hear us say

[Chorus]

The party doesn't start til the sun goes down
That's when everything starts moving,
Everybody up when the sun goes down
Ahh,ahh,ahh
The music isn't on till it's way too loud,
That's when everybody starts dancing
Everybody shout when the sun goes down
When the sun goes down
When the sun goes down
When the sun goes down
Oh oh oh oh yeah

[Verse 2]

Pushing my hands up,
I'm feeling good now
On the dance floor,
We can turn it inside out, inside out

When the night is here,
The only thing on my mind is having good time with my
friends

That's real, you can always hear us say

[Chorus]

The party doesn't start till the sun goes down
That's when everything starts moving,
Everybody up when the sun goes down

Ahh,ahh,ahh
The music isn't on till it's way too loud,
That's when everybody starts dancing
Everybody shout when the sun goes down
When the sun goes down
When the sun goes down
When the sun goes down
Oh oh oh oh yeah

[Bridge]
Down,down,down
The sun is going down, down,down
When the moon appears, you can always hear us say
When the stars come out, you can always here us say

[Chorus]
The party doesn't start till the sun goes down
That's when everything starts moving,
Everybody up when the sun goes down
Ahh,ahh,ahh
The music isn't on till it's way too loud,
That's when everybody starts dancing
Everybody shout when the sun goes down
When the sun goes down
When the sun goes down
When the sun goes down
Oh oh oh yeah
