Striving for common ground  
It has that crashing sound  
Your changing that is bound  
To whatever crowd that you're around

Basically I have no sympathy  
for your alternative ways to be  
Yeah this is where we're at  
You should know that  
You're not being honest to me anymore

You brush it off like it's nothing  
As more time goes by you try to apply more of  
Your newly founded lifestyle  
But keep that to yourself  
Yeah keep it to yourself

It must be so tough not being good enough  
Can't set your pride aside and just be satisfied  
Basically I have no sympathy  
for your alternative ways to be  
Yeah this is where we're at  
You should know that  
You're not being honest to me anymore

You brush it off like it's nothing  
As more time goes by you try to apply more of  
Your newly founded lifestyle  
But keep that to yourself  
Yeah keep it to yourself

You're not the same to me, not the one you used to be  
Now you're someone, now you're someone else  
You're not the same to me, not the one you used to be  
Now you're someone, (now you're someone else)  
Someone, (you changed yourself)  
Someone, (someone else)  
Someone, (you changed yourself)

You brush it off like it's nothing  
As more time goes by you try to apply more of

Your newly founded lifestyle  
But keep that to yourself  
Yeah keep it to yourself

You're not the same to me, not the one you used to be  
Now you're someone, now you're someone else  
You're not the same to me, not the one you used to be  
Now you're someone, now you're someone else
