Are you going to the party?
Going to the Boston Tea Party?
Going to the party?
Going to the Boston Tea Party?
Going to the party?
Going to the Boston Tea Party?
Going to the party?
Going to the Boston Tea Party?

Redcoats in the village and there's fighting in the streets
The Indians and the mountain men, well they are talking when they meet
The king has said he's gonna put a tax on tea
And that's the reason y'all Americans drink coffee

Are you going to the party? (Are you going?)
Going to the Boston Tea Party? (Are you going to the tea party?)
Going to the party? (Are you going?)
Going to the Boston Tea Party? (Are you going to the tea party?)
Going to the party? (Are you going?)
Going to the Boston Tea Party? (Are you going to the tea party?)
Going to the party? (Are you going?)
Going to the Boston Tea Party? (Are you going to the tea party?)

Fire in the mountains, flames upon the heath
And the president spits out the news, he's biting on wooden teeth
Them children of the colonies got a different tale to tell
I'm going down to the city, tell my folks I'm doing well

Are you going to the party? (Are you going?)
Going to the Boston Tea Party? (Are you going to the tea party?)
Going to the party? (Are you going?)
Going to the Boston Tea Party? (Are you going to the tea party?)

Going to the party? (Are you going?)
Going to the Boston Tea Party? (Are you going to the
tea party?)
Going to the party? (Are you going?)
Going to the Boston Tea Party? (Are you going to the
tea party?)

Bringing back the buffalo to the long prairie
Bringing back the fishes swimming in the sea
The children of the colonies got a different tale to tell
I'm going down to the city, tell my folks I'm doing well

Are you going to the party? (Are you going?)
Going to the Boston Tea Party? (Are you going to the
tea party?)
Going to the party? (Are you going?)
Going to the Boston Tea Party? (Are you going to the
tea party?)
Going to the party? (Are you going?)
Going to the Boston Tea Party? (Are you going to the
tea party?)
Going to the party? (Are you going?)
Going to the Boston Tea Party? (Are you going to the
tea party?)
Are you going?
Are you going to the tea party?
Are you going?
Are you going to the tea party?
(Repeat to fade)
