There's a message floatin' through the air.
About crazy horses ridin' everywhere.
It's a warning that's on every tongue.
Gotta stop them crazy horses on the run.

There they go, what a show
Smokin' up the sky, yeah.
Crazy horses all got riders,
And they're you and I.
Crazy horses
Crazy horses

They never stop and they never die.
They just keep on goin' how they multiply.
Crazy horses, they never halt
They just keep on goin' and it's all our fault.

There they go, what a show
Smokin' up the sky, yeah.
Crazy horses got their riders,
And they're you and I.

There they go, what a show
Smokin' up the sky, yeah.
Crazy horses got their riders,
And they're you and I.
