Rest in peace girl, your death is such a shame
The paper said a bullet got in your way
But I smell foulplay, possible poisoning
I had to bring her in for questioning
I went to your grave, dug up your body
Brought it to my house, where you lay

So lets play doctor babe
We'll operate today
Incisions must be made
You could help solve this case
For me...

I headed downtown, to share what I had found
It's not a suicide, it's a crime
I have a witness, it's clearly evident
There had to be someone else present
At the time of death, poisons in stomach
How could she pull it, if she's dead?

So lets play doctor babe
We'll operate today
Incisions must be made
You could help solve this case
We need a scalpel now
Under white lights you lay
We've got to hurry up
Before the flesh decays
Away...away

I'll catch the murderer
And send him away
I'll get the evidence
From your last day

Your last day...

So lets play doctor babe
We'll operate today
Incisions must be made
You could help solve this case

We need a scalpel now
Under white lights you lay
We've got to hurry up
Before the flesh decays

Away...away
