This head is haunted by a chorus in the sky  
The voices aren't mine  
I kiss the darkness as I see the whites of their eyes  
They're crawling up my spine  
They bloom at midnight in the middle of the moonlight

Strike a match, light the chandelier  
This bedroom is a ballroom now  
Strike a band, make the dead dance  
This room is filled with corpses in costumes

My guests dress in black and blue, I raise a toast to the few  
The orchids are in bloom  
But there's a dead note in the choir of the garden  
The sun will kiss the gloom, the warden's giving pardons soon

Strike a match, light the chandelier  
This bedroom is a ballroom now  
Strike a band, make the dead dance  
This room is filled with corpses in costumes

Strike a band and make them dance  
(I kiss the darkness as I see the whites of their eyes)  
Strike a band and make them dance  
Make them dance

This is your last night  
Do you believe in what you write?  
We open the sky and we hope you see light

Strike a match, light the chandelier  
This bedroom is a ballroom now  
Strike a band, make the dead dance  
This room is filled with corpses in costumes

Strike a band and make them dance  
(I kiss the darkness as I see the whites of their eyes)  
Strike a band and make them dance  
(This room is filled with corpses in costumes)
