Empty frames on the floor  
There's nothing left to prove who I was before  
I'll burn the pictures before I leave  
And wipe my prints off from the scene  
The embers will help me to grieve

I need a drink to take  
To take me through the day  
Sometimes I lie awake  
And think of my mistakes  
Was there ever a time when  
We weren't dying  
And I wasn't lying?  
I know I f\*\*ked up  
The last two years of your life.

Empty boxes by the door  
I'm throwing out all the clothes that I once wore  
They just don't seem to fit my shape right now  
My appetite for holding on has been washed down.  
I'm on a liquid diet of  
Cheap beer and wasted love  
Tomorrow I will pay the price

I need a drink to take  
To take me through the day  
Sometimes I lie awake  
And think of my mistakes  
Was there ever a time when  
We weren't dying  
And I wasn't lying?  
I know I f\*\*ked up  
This is my last goodbye  
I've hurt you enough

I know the morning's going to hurt  
But f\*\*k it cause I know this works  
"So just take out another glass and pour."  
Send the shivers down my spine  
Calm the shakes with rotten wine  
If I don't get out of this house I'll die  
Or waste more of my life.

I need a drink to take  
To take me through the day  
Sometimes I lie awake  
And think of my mistakes  
Was there ever a time when  
We weren't dying  
And I wasn't lying?  
I know I f\*\*ked up  
This is my last goodbye  
I've hurt you enough
