you want to hate me for the way you hate yourself  
you think you can find who you are in someone else  
criticize who already found their positioning  
youve got a long way to gooooo

so go and weed your dead heart hold  
connecting yourself into  
your so set to fail

somewhere you find the earth still waits  
only yourself left to betray

a needless ir-repair repairing your despair  
you take great measure to appear like you dont care  
the decision and persuasion must deceit thee properly  
you lost it before you began

so go and weed your dead heart hold  
connecting yourself into  
your so set to fail

somewhere you find the earth still waits  
only yourself left to betray

spoken: only yourself left to betray

solo

so go and weed your dead heart hold  
connecting yourself into  
your so set to fail

somewhere you find the earth still waits  
only yourself left to betray (x2)
