You've got this new head filled up with smoke  
I've got my viens all tangled close  
To the jukebox bars you frequent  
The safest place to hide

A long night spent  
With you're most obviuos weakness  
You start shaking at the thought  
You are everything I want  
Cause you are everything I'm not

And we lay  
We lay  
Together just not  
Too close too close x2

I just wanna break you down so badly  
Well I trip over everything you say  
I just wanna break you down so badly  
In the worst way

My inarticulate store bought  
Hangover hobby kit it talks  
It says you are  
You are so cool  
Scissors shaped across the bed  
You are red violet red  
You hollow out my hungry eyes  
You hollow out my hungry eyes

And we lay we lay together just not  
Too close too close  
How close is close enough  
And we lay we lay together just not  
Too close too close

I just wanna break you down so badly  
Well I trip over everything you say  
I just wanna break you down so badly  
In the worst way x2

I'm gonna make damn sure

That you can't ever leave  
No you wont ever get to far from me  
You wont ever get to far from me  
I'll make damn sure  
That you wont ever leave

You wont ever get to far from me x4

I just wanna break you down so badly  
Well I trip over everything you say  
I just wanna break you down so badly  
In the worst way x2
