[Verse 1]

Clip my angel wings
I'm a coward, I'm a liar and a cheat
My vows all mean nothing, I'm weaker than a priest
Board up the windows and lock all the doors
Like a hurricane, I'm always given a new name
Board up the windows and lock all the doors
Head for the hills
Get somewhere safe
The further you go, the better off you'll be

[Chorus]

I'm clear as glass but I can't seem to ever clean
The fingerprints you left on me
I wish every night was New Year's Eve so this Irish
disease, could have company

[Verse 2]

Who the fuck would wanna live forever?
When every day feels like it's been a week
Call on the archers and let down the gates
Hell must be a view, watching everyone you knew
Move on without you like you never lived
I'm just like my father, as lonely as sin
Drinking away, what I've been given

[Chorus]

I'm clear as glass but I can't seem to ever clean
The fingerprints you left on me
I wish every night was New Year's Eve so this Irish
disease, could have company

I, hate myself, for, never saying, that I
I want you in my life
It's not my place to keep on trying to chase
A relationship that's, not there
But if I don't, then I know that you won't, even dare

[Chorus]

I'm clear as glass but I can't seem to ever clean
The fingerprints you left on me

I wish every night was New Year's Eve so this Irish
disease, could have company
