Turn out the light.  
Just say goodnight  
To yourself.  
May I remind you,  
When you find  
You're all alone's when you,  
You've got to be strong.  
That's when they call you in the night.  
He's got your picture in his mind.  
He's got your number on a paper  
At his disposal anytime.

Is it really true?  
Could you save yourself  
For someone who  
Could love you for you?  
So many times we just give it away  
To someone who, someone who...

You met in a bar  
In the back of a car  
And for a moment  
You felt important  
But not in your heart.  
'Cause my self esteem,  
Its been low  
Go ahead and count, it's been lower than low  
And I know the feeling of it stealing  
Life out from under me.

...cause i wanna learn  
How you save yourself  
For someone who  
Could love you for you!  
So many times we just give it away  
To someone who  
Couldn't even remember your name  
Could you save yourself  
For someone who  
Loves you for you  
And loves me for me?  
We give it away to someone who

Someone who'd cherish you.

'Cause I wanna learn  
How you save yourself  
For someone who  
Loves you for you?  
And loves me for me  
We give it away to someone who,  
Someone who'd cherish your name  
Cherish your name.
