Fuck with
My heart
I'll teach you what it's like

To be
So used
That you have to clean

The dirt
Stuck in
You plastic fingernails

And just the scent of you is enough to make me sick

And all I know is
Revenge is sweet when

You know that you are worthless
And I am better than
The games that you play princess
I've played and always win

I'll take
My time
To slowly plot your end

But now
I will
Spit bullets with my pen

And all I know is
You're cute when you scream

You know that you are worthless
And I am better than
The games that you play princess
I've played and always win

I'll take you to the top
Of this building and just push you off
Run down the stairs so I can see
Your face as you hit the street

(The street)x3

You know that you are worthless
And I am better than
The games that you play princess
I've played and always win

This time I win
So here's your
Kiss goodbye
