Yes, I am here  
Here at the landscape of my dreams  
And what's this perfection?  
I feel immortality next to me

I have lived my life in your arms, mother  
Now I'm back to show my gratitude  
Take my life, I know that I'm worth of you  
And I'll live again and I will live through the Elk!

Now speak, Serpent, with my tongue  
-tell them what you think  
-infiltrate the venom in their veins  
Brother Wolf, take my mind, use my hands for thee  
And lead the way to Hall-up-high  
- take their lives

Take back what is yours!  
I've set this sacrifice

(and now we dance  
Here in this circle of flames  
We praise Your Might  
We praise Your power to liveyeah)

Fresh as the North Wind  
You blow right to my heart  
Warm as the South Breeze  
My blood now covers the sand (and on we die!)

We have lived our lives in your arms, mother  
Now we're back show our gratitude  
Take our lives, if you think we're worth of you  
And we will live again among the sheep  
As the Wolves!

Now speak, Hedgehog, with my tongue  
-tell them what you want  
And take revenge for a million lives

Sister Swan, spread thy wings, your enemies are mine

And let live those who are worth of you  
-taste our minds  
-taste our minds  
-taste our minds  
-taste our minds
