THIS FUCKING WORLD IS NOT FOR YOU!

Don't let them - close your eyes
Don't let them - control you
Don't let them - use you
Don't let them - be your destiny

Four powers of impact
Four branches of control
Enslavement of cattle = Profitable Business
Universe is a planet of slaves

Be a slave or do not become him
Be a slave or do not become him

Don't let them - close your eyes
Don't let them - control you
Don't let them - use you
Don't let them - be your destiny

Brainwashing, Imposing stereotypes
Construction of buildings. Race for supremacy
Control by blind slaves. Ingathering
State - Harvester of sorrow

Life for others, but not for oneself
Lack of reality & visibility
Shell. Hardness. Security
You spit on their world

This fucking world is not for you!

Brainwashing, Imposing stereotypes
Construction of buildings. Race for supremacy
