Absolute darkness - is not dream  
Reality full of torments  
You want this nightmare be over  
You want to cross the circle

Endless nightmare - of bloody sleep  
In front of - your eyes  
Madness plan - of self destruction  
Made by - your own hands

**SUICIDER!!!**

Vile & lie - are abominations  
The road leads nowhere  
All fuss - is only fuss  
Only eternity is always true

Endless nightmare - of bloody sleep  
In front of - your eyes  
Madness plan - of self destruction  
Made by - your own hands

**SUICIDER!!!**

Only eternity is true - it is the law  
Only eternity knows the answer  
You are walking in darkness - looking for light  
But you stay blind!

**SUICIDER!!!**
