Why is the war going on?  
Who needs it?  
Why to kill each other?  
Make money from it.

And people perish every day  
And once again the bloody day  
They can't live without oil  
And every moment - KILL! KILL! KILL! KILL!

Blood...Fear...Hopelessness  
Pain...Gloom...Impending Doom

The war increases in peoples minds  
Kill this thought in yourself  
Kill this sprout in yourself  
Think about your family  
If in heart there is love  
Give it the world once MORE! MORE!

Blood...Fear...Hopelessness  
Pain...Gloom...Impending Doom

Onslaught of war we don't break  
We can win the war no way.

Blood...Fear...Hopelessness  
Pain...Gloom...Impending Doom
