Weak minded followers  
Brainwashed for me to mold  
For sickening ways  
Of living their feeble minds  
Controlled my powers grow  
Strong I've gained their trust  
To kill for me  
To satisfy my lust

Blasphemous deeds  
Brutality perverted  
Forced within my intentions  
Inserted in their minds  
I've implanted hate  
Oblivious to my sickness  
I strive to dominate  
Merciless mind attack  
My heart rotten and black  
Sadistic to the core  
I reign upon you whores  
Sadistic to the core  
My heart rotten and black  
Hatred in my eyes  
Mind attack

My aggression sets me free  
Sick desire to see flesh bleed  
Driven by the thought of death  
Corrupting minds 'til nothings left
