A Heavy Dose Of Anesthetics Takes Control  
Your Body Numbs, Your Vision Blurs,  
You Fall Asleep  
Unaware Of The Intentions Of The Surgeon  
You Fall Victim To His Inhuman Surgery

Put In A Room Where Others Are Rotting  
Organs Preserving In Freezers For Selling  
Targeting People Whom All Have Forgotten  
Selling Their Organs For Personal Profit

Dissecting Your Body While You Lay Unconscious  
Massively Drugged To Keep You From Waking  
Kidneys Removed The Liver Extracted  
Force Open The Rib Cage It's Snapping And Breaking  
Life Signs Start To Fade  
Heart Is Beating Slow  
Butcher The Remains  
Terminate The Soul  
Final Cut Performed  
Stripped Of Heart And Lungs  
Vital Organs Gone  
Vacant Torso Rots

In Another Room Drugged  
A Patient Lay Asleep Fucked  
Not Knowing What's To Come  
Destined To Die... By The Knife

All His Patients Are Deceived  
Ridden Of The Evidence All Traces Erased  
Profiting From His Vicious Acts  
Burning The Remains  
So There's Nothing Left To Trace
