There ain't nothin wrong with change,  
Changin it all.  
I know there's nothing wrong with everything being  
right.  
And I can't put my finger on it, but something about you  
has left me beaming.  
My heart is racing, my head is spinning.  
But things are looking better all the time.  
I may still be lonely, but you're on my mind.  
And things are looking better all the time.  
And you might seem a million miles away, you're in my  
dreams tonight.  
No one understands what has happened they ask me I  
can't tell the truth, 'Cause the truth is that I don't know  
either.  
Nobody knows nobody seems.  
But somehow they, know somehow they know it.  
And things are looking better all the time.  
I may still be lonely, but you're on my mind.  
And things are looking better all the time.  
And you might seem a million miles away, you're in my  
dreams tonight
