I said go, I don't wanna know  
What I'm really like on the inside  
Because I am dull and I am crude  
My dear, I'm all together rude  
I'm not the gentleman of your dreams  
I'm nothing but in between

And so you think that I'm broken  
Well your wrong, I've got news for you my darlin'  
You're the only one that was broken all along  
Well you ripped my heart out  
But I left you lying right here on the ground

And you can tell your mother all about me  
How I wrote you these songs and how I sang you to  
sleep  
You can tell your husband  
All the evil things  
We did together  
When no one else was there  
I ran my hands through your dark hair

And so you think that I'm broken  
Well your wrong, I've got news for you my darlin'  
You're the only one that was broken all along  
Well you ripped my heart out  
But I left you lying right here on the ground

Georgia, Georgia, I hide  
I'll be your demise  
Georgia Georgia I hide  
I'll be your demise  
Because I am dull,  
I am crude my dear I'm all together rude  
I'm not the gentleman of your dreams  
I'm nothing but in between
