Wait up for me,  
I've been waiting around for you  
You are a million miles away and I don't know what to  
do  
And I thought maybe we could start over  
Cause I'm sick and tired of running  
Do you think maybe I could come over?  
Cause I'm pretty sure that you look stunning

Say bye, say goodnight

And I said wait one minute  
That is my heart in your hands  
And I wouldn't want you to forget it  
And leave me alone again  
She says wait one minute  
That is my heart in your hands  
And I wouldn't want you to forget it  
And leave me alone again

Say bye say goodnight

She says wait one minute cause I don't know what to do  
Say that I'm the only one that I'm so perfect for you  
She says wait one minute cause I don't know what to do  
Say that I'm the only one that I'm so perfect for you

And I knew that this would happen  
And I knew that I'd panic  
And I knew that we'd fall apart  
And I'm falling apart  
And I knew that this would happen  
And I knew that I'd panic  
And I knew that we'd fall apart  
And I gave you my heart, my heart, I gave you my heart

This is my apology  
I hope it means something  
And I hope you will forgive me cause I am falling apart,  
falling apart
