Darlin I hate to tell you
That I'm a wanted man
And I'm wanted in all 50 states and I'm wanted by the
mexicans
And I hate to say it but,
It's pretty plain to see
That I'm very interested so run away with me
Let's run away

I've been on the freeway on 95
I take you down to New Orleans and I make you my
wife,
And how bout that Chevy girl you laid in the back
We can sleep the day away with you by my side

Darlin I hate to tell you
That I'm a wanted man
And I'm wanted in all 50 states and I'm wanted by the
mexicans
And I hate to say it but,
It's pretty plain to see
That I'm very interested so run away with me
Let's run away

And I drove my car to your house
You were the only one there
Oh what you do to me when you wear that cotton dress
And those flowers you put in your hair

And I sing to you by the river and you sing to me by your
oak tree
And I'd sing to you wherever
If you just run away with me
So let's run away

And darlin I hate to tell you but I'm a wanted man
And I'm wanted in all 50 states and I'm wanted by the
mexicans
And I hate to say it but it's pretty plain to see
That I'm very interested so run away, let's run away
