[Phone ringing]

[Serani:] Hello

[Raine:] Hi Baby

[Serani:] Hey Baby

[Raine:] It's raining, I want you to come home to me
please.

[Raine:]

Baby come home

I got my negligee on and I'm all spread out

No oh oh

[Chorus: x2]

Rain a fall

I gotta leave work

My girl is all alone

She said she just pull off di skirt yeah

What to do

I'm trapped between the two

Should I continue work

Or go attend to my boo

[Verse 1:]

It's like two hill sides and I'm down in the valley on the
land

Is where I make my money on the ride

Is where I got my honey

I wanna be rich but I'm needing her body

Here I am in the middle of nowhere

My mind is trapped in mid-air

I don't know what to choose

Too valuable

And none I wanna lose

[Chorus: x2]

Rain a fall

I gotta leave work

My girl is all alone

She said she just pull off di skirt yeah

What to do

I'm trapped between the two

Should I continue work
Or go attend to my boo

[Verse 2:]

These are the two main tings that peak my interest
Money, love, time I invest
From dem I take no recess
Which matters the cheapest
I'm in a state of confusion
I'm trying to find a solution
This is for real
This is no illusion
I ain't never wanna ever have to choose one

[Chorus:]

Rain a fall
I gotta leave work
My girl is all alone
She said she just pull off di skirt yeah
What to do
I'm trapped between the two
Should I continue work
Or go attend to my boo

[Chorus:]

Rain a fall
I gotta leave work
My girl is all alone
She said she just pull off di skirt yeah
What to do
I'm trapped between the two
Should I continue work

[Raine:]

Come on home to me
I need you in my home with me
I'm at the peak of my ecstasy
Won't you fulfil my every fantasy
I'm at home, all alone and it's you I'm needing

[Chorus: x2]

Rain a fall
I gotta leave work
My girl is all alone
She said she just pull off di skirt yeah
What to do
I'm trapped between the two
Should I continue work
Or go attend to my boo
