This is good the son is onside break the air with pieces
of hide
Shame it broke i can't think anymore, shame i found
the truth on the floor
And you can go suddenly and you can feel close to me
and everybody's gotta drown
I like to sleep and dream without wings, i like to fill my
pockets with things
That glow and shake and sit nice and calm in
blackened holes where slaves have no arms
My life ends, it's as though i'm dreaming. so i'll go
there and i'll stay there but you i can't bring
A friend says it's all in my evenflow, so i'll go there and
i'll stay there and see how things go
These are all my rupturing cells in my hand with seven
old shells
That swam and sank in so many moons and cast our
dear forever too soon
You can go suddenly and you can speak openly
