"Get My Math"

Step in the club with my girls, like what
Looking so tight, ain't know what's up
I meet your eyes and yours meet mine
Thinkin' this might be your time

Ecstatic, dramatic
I need you like an addict
Come on and jump on it
Make sure that your game is tight

Work it, try a little harder
Spit it if you wanna roll babe
Twirk it, (Imagine that) you might get my math from me

Work it, try a little harder
Spit it if you wanna roll babe
Twirk it, (Imagine that) you might get my math from me

You're doing what a real man should
The way you move, it feels so good
Attraction, boy it's plain to see
Come on baby rock with me, hey

Ecstatic, dramatic
I need you like an addict
Come on and jump on it
Make sure that your game is tight

Work it, try a little harder
Spit it if you wanna roll babe
Twirk it, (Imagine that) you might get my math from me

Work it, try a little harder
Spit it if you wanna roll babe
Twirk it, (Imagine that) you might get my math from me

If you wanna step to me
If you wanna get next to me
If you wanna step to me
Make sure that your game is tight

Ecstatic, dramatic
I need you like an addict
Come on and jump on it
Make sure that your game is tight

Work it, try a little harder (Work it)
Spit it if you wanna roll babe (Spit it, spit it)
Twirk it, (Imagine that) you might get my math from me (Twirk it, ooh)

Work it, try a little harder (Work it)
Spit it if you wanna roll babe (Oh oh oh)
Twirk it, (Imagine that) you might get my math from me (A little harder)

Work it, try a little harder
Spit it if you wanna roll babe
Twirk it, twirk it, you might get my math from me

Work it, try a little harder (Work it)
Spit it if you wanna roll babe (Try a little harder)
Twirk it, (Imagine that) you might get my math from me
