Heart it's all over
I can feel what you're goin' though
Heart it's all over
Yes, I know I'm gonna miss her too

But she never told me
I had to learn that we just
Weren't good enough, now it's over

I should have warned ya
It might not work and you just might break
Now I fore Lorne ya
Yes, I know it was my mistake

But who hasn't tried it
I wanted love that was slightly out of reach
Now it's over, it's all over

No matter how hard I tried
I couldn't seem to keep her satisfied
No matter what I went together
Could've always been a little bit better

I couldn't make it fast enough, the money
The money wouldn't last enough
I couldn't keep her satisfied no matter
No matter, how hard, how hard, I tried

Heart it's all over
You and me on the streets again
Starting all over
Seems like here's where we just came in

But somebody's waiting
But just goin' now
Well, it hurts too much to look
'Cause it's all over, it's all over

Heart it's all over now
(It's all over now)
Heart it's all over
(Heart it's all over, heart it's all over)

Heart it's all over
(It's all over, heart it's all over)
Heart it's all over
Oh, heart
