there's a crack in the ground
from waterloo all the way to arizona
i can see from the fire escape outside
that helped me get to know you
what was it like
when i was in your life
did my touch feel the same
as your touch it felt so good to me
it felt so good to me
one world one love
means nothin if your just pretendin
one world one love
there's nothin to good intentions
dark as the black
in the cracks in the ground
there's a crack in the ground
from tennessee all the way to caledonia
i can tell by the way the silence rings
and echoes in the corner
how many times you wanted to cry
but you kept it inside
now the silence echoes, deafening
it's much too loud for me
one world one love
means nothin if your just pretendin
one world one love
there's nothin to good intentions
dark as the black

in the cracks in the ground
there's a crack in the ground
from old new york all the way to minnesota
i can see by the way ten thousand lakes
are screamin for some water
give us some hope
we haven't got enough
to keep ourselves filled up
when you drink us empty
drink us dry
and ask us why we're dry
one world one love
means nothin if your just pretendin

one world one love
there's nothin to good intentions
one world one love
means nothin if your just pretendin
to do your part
there's nothin to good intentions
dark as the black
in the cracks in the ground
dark as the black
in the cracks in the
dark as the black
in the cracks in the ground
