Another day passes by and I'm dreaming of you
And though I know it might be just a dream, dreams do
come true
Somewhere, somehow I'll find you
Even though it takes all of my life (All of my life, yeah)
And when I'll finally do (And when I'll finally do)
I know inside my heart (I know inside my heart)
That there could be no doubt, I knew it from the start

Chorus:

(You are the one) You are the one
That I've been searching for my whole life through
(You are the one) You are the one
That I've been looking for and now that I found you
I'll never let you go, I'll hold you in my arms
Cause you are the one

Yeah...

Another night spent alone I'm lying in the dark (Lying in
the dark)
Don't know your name but I know that voice sings to my
heart
A sweet melody, A symphony of love
I know that come one day (I know that come one day)
A time for you and me (A time for you and me)
To finally meet together, Coz I know we're meant to be

(CHORUS)
