Beyond the horizon of the place we lived when we were
young
In a world of magnets and miracles
Our thoughts strayed constantly and without boundary
The ringing of the division bell had begun
Along the long road and on down to the causeway
Do they still LIVE there by the cut
There was a ragged band that followed in our
footsteps
Running before time took our dreams away
Leaving the myriad small creatures trying to tie us to
the ground
To a life consumed by slow decay

The grass was greener
The light was brighter
With friends surrounded
The nights of wonder

Looking beyond the embers of bridges glowing behind
us
To a glimpse of how green it was on the other side
Steps taken forwards but sleepwalking back again
Dragged by the force of some inner tide
At a higher altitude with flag unfurled
We reached the dizzy heights of that dreamed up
world

....

Encumbered forever by desire and ambition
There's a hunger still unsatisfied
Our weary eyes still stray to the horizon
Though down this road we've been so many times

The grass was greener
The light was brighter
The taste was sweeter
The nights of wonder
With friends surrounded
The dawn mist glowing
The water flowing
The endless river

Forever and ever
