There's no way out of here, when you come in you're in
for good

There was no promise made, the part you've played,
the chance you took

There are no boundaries set, the time and yet you
waste it still

So it slips through your hands like grains of sand, you
watch it go

There's no time to be lost, you'll pay the cost so get it
right

There's no way out of here, when you come in you're in
for good

And never was there an answer, there an answer
Not without listening, without seeing

There are no answers here, when you look out you
don't see in

There was no promise made, the part you've played,
the chance you took

There's no way out of here, when you come in you're in
for good
