I never asked for more
i've never need it before
but i'm out of my head i
want you to lick me more

i never asked for more
i've never need it before
but i have two hands and
want to use them well

look at these purple lips
and at this velvet skin
don't you see these white thighs
don't you see this back

look at this long black hair
look at these charming hips
can you see this mouth
calling a body player
ate the forbidden fruit
belive me dear
i want make you happy
hear these dirty thoughtgs
take these dirty things
don't be afraid i want only
make you happy
look at my long black hair
look at my monroe hips
can't you see my snake
crawling at your legs?
but you, you ,you...
did you ever looked at me?
