I'm waiting for my man
I got to get it soon
Soon I wanna git it
I don't wanna wait
I can't wait it more

She's ready, mellow peach
Drive her to the deepest eden
Come on, come here
And taste my sweet elisir!
It's alright, it could be fight
Make fly my mind during the night
So come on, come soon
Take me high to the moon!!

I'm ready to the worst, not afraid of the burst
Me the secret of love, a ripe ruby cherry
Me the secret you can eat strawberry cream
Free the dogs on the ground work me till I'm done!

I WANT YOU hunt me
TILL I MOAN hunt me

It' alright, be fine
While you take off my tender rind

He hunts me, yearning
Sourrounding his cherry quarry

Is there a cowboy yet, riding on my bed?
Take off your heat, catch me wild dog mad
I'm waiting for you great hunting!

I'm ready to the burst, not afraid of the burst
Show me the secret of love, to me a ruby cherry
Free the dogs on the ground and work me till I'm done

I WANT YOU hunt me
TILL I MOAN hunt me
