David:

Mmm... yeah... Mmm... yeah

ooo... yeah

Hold on

She tries and she tries,  
fights every day to stay alive but the pain hurts so deep  
inside.

She cries out loud in hopes that he will hear the sound.

All she's needing is some kind of prayer  
and to know that we'll always be there.

She's gotta stay strong  
gotta hold on  
she's got to hold... hold...

Chorus:

Hold (hold) on (hold on)  
just keep on keepin on and have the faith to stay  
strong.

Hold (hold) on (hold on)  
the road is not an easy one but life for you has just  
begun.

Hold (hold) on (hold on)  
just keep on keepin on and have the faith to stay  
strong.

Hold (hold) on (hold on)  
the road is not an easy one but life for you has just  
begun.

Greg:

There was a boy he never knew how much he had,  
he cried in silence every day because he missed his  
dad.

Momma, she's hurtin, she's nowhere to be found.  
He looks around at shattered dreams upon the ground.  
But I have found the strength I need for sure  
and I will not stop until I know for sure  
that my life will not be  
(oh yeah)  
another wasted opportunity.

(yeah)

David:  
(repeat chorus)

Greg:  
Children of the world lend your ear  
I know y'all been weeping all alone for so many years.  
Let me tell yall something - heaven hears  
and can see blue skies above your fears.  
So let the coolest of the sunshine in your eyes -  
crystal raindrops purify our lives.  
Just like an arrow flies: we're moving on.  
So be strong and hold on.  
(yeah)

David:  
(repeat chorus)

Greg:  
We walk by faith and not by side.  
David:  
Even if the road don't always feel right.  
I'm pressin on to higher ground  
'cause when I'm lost I know I'll be found... yeah...

Greg:  
And if all your days are filled with grace -

David:  
Trust in yourself and the pain you face  
got to hold on

Greg:  
hold on

David:  
hold on

hold

Greg:  
hold

David:  
hold on

Greg:  
yeah

David:  
yeah

(yeah)

David:  
Lord I need you now

Greg:  
You've got to hold on  
hold on

David:  
oh

Greg:

I know sometimes you wanna throw you in something  
scream out loud

David:

scream yeah

Chorus:

Hold (hold) (Greg: hold on) on (hold on)  
just keep on keepin on and have the faith to stay  
strong.

(Greg: this life aint easy)

Hold (hold) on (hold on) (Greg: Oh)  
the road is not an easy one but life for you has just  
begun.

(Greg: you've got to hold on)

Hold (hold) on (hold on)  
just keep on keepin on and have the faith to stay  
strong.

(David: I know you're gonna fall)

Hold (hold) on (hold on)  
the road is not an easy one but life for you has just  
begun.
