I see it inside you, I do  
I can't find my way back  
I can't see you now  
I'm alone on my own again  
why do this to me now of all the times you could have  
chosen?

Chorus

You see through me and I don't know how  
you unsooth me but why do this now?

Can't you open up my eyes please  
cos I don't know what to do right now

Chorus

Can't you see how much you turned me inside out?  
I don't see why it had to be like this  
I see you and you helped me up but why do you now?  
I don't feel different to what i used to  
I just feel the same  
I think it's you that's changed

Chorus
