Alchemists and magicians reverse sailors of river styx
poets and musicians
decadent subconscious travellers soldiers fall fade
and die like stars in the
universe of oblivion no one enslaved escapes jealousy
and delightful hatred of
being lizard snake god human eyes lizard insect of
disguise naked mothers

embraced children in womb like poses soft child eyes
fly in this prison of
loyable arms it's strange how needles can ejaculate
hoarse power into pierced
burning veins and cause earthquakes and eruptions in
the other parts of this
planet.
