I'm fixing my hair  
Going stepping so I'm  
Fixing my hair  
When they see me they'll be  
Really impressed  
Looking my best  
Smile on my face  
And every curl in place

That's why I'm fixing my hair  
Yes I'm fixing my hair

Fix, fix, fix, fix my hair, fix, fix  
Fix my hair, fix, fix, fix my hair, yes fixing my...

I'm fixing my hair  
The world is waiting while  
I'm fixing my hair  
I'm gonna wow 'em  
When I walk down the street  
Looking so neat  
People will yell  
"Gosh you look swell!"

That's why I'm fixing my hair  
I'm almost ready and  
I'm fixing my hair  
When I'm finished  
Fixing my hair  
I'll be the best possible me

Fixing my hair ( repeat 4 times )
