- "Alo, Merhaba ben Sertab"
(-Hello, this is Sertab)

HiÅş sarki bilmez sÅıleyemezsin
(you have no song nor you sing)
Ask nedir diye bir sorsam
(if Å½ ask you what love is)
Sadece Å¼Åş harftir dersin
('made of three letters' you'll say)
İlk degilsin son degilsin
(you're not the first, or the last)
Sen zaten ona hiÅş yetmezsin
(besides you're no good for him)
Benden birazcik uzunsun
(you're a bit taller than me)
Bir o kadar da huysuzsun
(and also grumpy)
Anlamadim ne diyorsun?
(Excuse me, what you say?)

CHORUS:

Åtok hos kadinsin ama yetmez
(you're such a pretty woman but not enough)
Ben karar verdim
(I made up my mind)
Å-mÅ¼r boyu o benim
(for a life time, he's mine)
GÅ¼le gÅ¼le sekerim
(Bye bye sweetie)

Ben zor bir kadin degilim
(I'm not a hard woman)
Sarkiyi sevdim diye sÅıyledim
(Å½ sing it because Å½ liked it)
Kadinligin yedi kuralini bilirim
(know the seven rules of femaleness)
Canimdan Åşok onu severim
(love him more than my life)

GÅ¼Å¼mseysisime bayilir
(He loves the way Å½ smile)

Bir de sarki sÃ¶ylersem
(If I sing on top of it)
Benimle kim yarisir
(who can survive in front of me)
Kaybettin bosver
(You've loost, let it go)
YÃ¼regin buna da alisir
(Your heart will get used it too)

CHORUS

Sen atesle oynuyorsun
(You're playing with fire)
Yanacaksin bilmiyorsun
(You'll burn, yet don't know)
VazgeÃ¶ artik bu sevdadan
(Give up now)
Sarki bitti gidiyorsun
(The song is over, you're leaving now)

-"Alo, aah kapatti"
(-Hello? Aaah she hung up..)
