Ah look down look down that lonesome road before you
travel travel on
Look up look up and seek your maker before Gabriel
blows his horn
Now I'm weary totin' such a load travelin' down that
lonesome road
Look down look down that lonesome road before you
travel travel on
[guitar - steel]
True love true love what have I done that you should
treat me treat me so
Well you caused me to walk and talk like I've never
done before
Now I'm weary totin'...
Ah look down look down that lonesome road before you
travel travel on
Ah look down look down that lonesome road before you
travel travel on
Ah look down look down that lonesome road before you
travel travel on
