Verse 1:

Uptown in the taxi
Just feels so right when you touch me in the back seat
I can't help but let you know
You just remind me of them girls I love back home

Prechorus 1:

Country boy, country girl
Find each other in a great big city world
Country boy, country girl
Find each other in a great big city world

Verse 2:

City night run wild!
They told me I would love city lifestyle
You and I are so few!
Oh girl I can't believe that I found you

Prechorus 2:

Country boy, country girl
We'll find each other in a great big city world
Country boy, country girl
We'll find each other in a great big city world

Chorus 1:

My baby's back home calling, I say I won't return
But sometimes when I'm with you I'm thinking of her

Verse 3:

City night run wild!
Would have thought that you was always a city child
Take my hand and run free!
You say you can't believe that you found me

Prechorus 3:

Country boy, country girl
Find each other in a great big city world
But I can't help but let you know
You just remind me of a girl I love back home

Bridge:

I'm going back home!
I'm going back home!

My country girl stay true
Don't let the big city get the best of you
My country girl stay true
Don't let the big city get the best of you

Chorus 2:

I'll call you when I come through, if I don't I'll call you
still
We swear to keep in touch but we never will
Back home with my baby, I think she never knew
But sometimes when I'm with her I'm thinking of you
