[Verse 1:]

Sunrise, one eye open,
Sundown to drugs and country roads
You're so right, you're so wrong
You blew your kisses and ran along

[Chorus 1:]

Then standing before me
With my soul in your hand
My heart flutters out of control
And I want you again

[Verse 2:]

Sunrise, new day coming
Drunk nights rambling on and on in a daze

I close my eyes and get high so
I can hear when you talk what you say
When you walk away

[Chorus 2:]

Just when I forgot you
I turn around and you're there
Of all of the friends from my past
You appear from thin air
Then standing before me
With my soul in your hand
My heart flutters out of control
And I want you again
