[Verse 1:]

What did I do, I was so into you
We were fine and you said he was behind you
Yesterday night, I was so surprised
When I walked in he was lying right beside you!

[Prechorus 1:]

And I heard you say you'd never let him go
That just hurt so bad that you don't even know...

[Chorus 1:]

I'm just the fool in the middle, push me out of the way
I'm sure what you had before was so much better than
me
There's no room in the middle,
I'll just get in the way of what you have

[Verse 2:]

Nothing to lose, I mean nothing to you,
Or that dude, so it's me against the good guy
I wrote you this song, we were that far along
But now we're here and there's nothing left but
goodbye

[Prechorus 1:]

When I heard you say you'd never let him go
That just hurt so bad that you don't even know...

[Chorus 2:]

I'm just the fool in the middle, push me out of the way

I'm sure what you had before was so much better than
me
There's no room in the middle,
I'll just get in the way of what you have

[Bridge:]

If I'm really worthless!
Then I'm just not worth it!
If I'm really worthless, then I'm just not worth it!

I wrote you this song cause you always wanted one

So goodbye and I wish you both the best life
If I'm really worthless, then I'm just not worth it!

[Chorus 3:]

I'm just the fool in the middle, push me out of the way
I'm sure what you had before was so much better than
me

There's no room in the middle,
I'll just get in the way of what you have

There's no room in the middle,
I'll just get in the way of what you have
I'm just the fool in the middle, push me out of the way
I'm sure what you had before was so much better than
me

There's no room in the middle,
I'll just get in the way of what you have
