Welcome to the story of my life
Is too short to not think about,
Anything that's right for me
Now and that's you
Being by my side,
And so I'll put up my dukes and give it a try

[Chorus]

Oh Marjorie
What have you done to me?
You're all I wanna see
And you're probably
The greatest girl
I'll ever meet
And over anything else
It's you I'll be missin',
Let me explain what I'm going through here,
In Ohio I will miss you my dear,
I just wish that I could be nearer
To the girl that makes time disappear

No one compares to a girl like you,
Make my days seem brighter
And the skies more blue,
So I'll wait forever
Even if I have to,
And so just sing on baby
And we'll make it through

[Chorus]

Oh Marjorie
What have you done to me?
You're all I wanna see,
And you're probably
The greatest girl
I'll ever meet,
And over anything else
It's you I'll be missin',
Let me explain what I'm going through here,
In Ohio I will miss you my dear,
I just wish that I could be nearer to the girl that makes
time disappear

Hold on baby,
It's not over yet,
Here's one thing I won't regret,
It's the times we've shared or the night we met,
And I'll never take it back or take it for granted,
Listen close and I'm sure you'll find
Exactly what's going on in mind,
So far away but not far from home,
'Cause home's not just a place you dwell in,
It's also the feelin' you get when you talk to that
someone on the phone,
And she happens to be

[Chorus]

Oh Marjorie
What have you done to me?
You're all I wanna see
And you're probably
The greatest girl
I'll ever meet
And over anything else
It's you I'll be missin',
Let me explain what I'm going through here,
In Ohio I will miss you my dear,
I just wish that I could be nearer to the girl that makes
time disappear

Oh Marjorie (Oh Marjorie)
What have you done to me? (What have you done to
me?)
You're all I wanna see (You're all I wanna see)
And you're probably the greatest girl
I'll ever meet (You're probably, yeah)
And over anything else
It's you I'll be missin',

Let me explain what I'm going through here,
In Ohio I will miss you my dear,
I just wish that I could be nearer to the girl that makes
time disappear
