Stay a while, take your time with your decision  
Show me that smile  
You know you like the attention  
What I want, Your sunshine and your laughter  
It's like a drug and you know it's what I'm after

I love you so  
I need you now  
But this carnival is breaking down

(Chorus)  
I'm falling behind, going out of my mind and I don't  
know what to do  
You push me away every time I get close to you  
And it's breaking my heart in two  
'Cause I could be making time with an angel but she  
wouldn't do  
I'd rather crash and burn with you  
I'd rather crash and burn with you

Little girl, you know I'm crazy for you  
You're beautiful and I'd move the whole world for you

I love you so  
I need you now  
If you lock the door, I'll break it down

(Chorus)

And I know you like to tease  
But promise me  
When you're showing off your tan lines  
You'll be careful of the strange ones  
And you'll save the last dance for me

(Chorus)
