Running, holding onto nothing, reaching out for  
something  
Wishing for just one thing  
Tripped and now you're falling, stumbled now you're  
crawling  
Distracted by a small thing, missed out on your calling  
And the dream is gone

And the clouds are breaking up  
And the sun comes crashing through  
And it feels like things are looking up for everyone but  
you  
And your eyes go blind and your heart breaks in two  
You've got one thing left to do  
You've got one thing left to do

(Chorus)  
Stand up, if you don't believe in love but you want to  
Let me look at you  
And we'll help each other understand  
If you want to, if you want to, if you want to

Open, now your heart is broken, naked in the cold wind  
Lost, but I'm still hoping we can love again

And the promises they promised you begin to  
disappear  
And there's traffic in your head and you can't hold back  
the tears  
Everything you ever wanted is a million miles from here  
And there's nothing left to lose so there's nothing left  
to fear

(Chorus)

Don't let it go  
Don't let it fade  
You're not alone  
Just hold on

Too little too late and you lost your faith

And there's not turning back now  
That's ok  
We can help each other out  
'Cause I lost my way  
And I'm not too proud, I'm not too proud to say  
I need someone to lean on, is that ok? Is that ok?  
Now everybody say...

(Chorus)
