Doctor, doctor said, get on my feet
Doctor, doctor said, get on my feet
But it's these lonely nights
That's what's savin' me

Listen here doc, what do you know
Listen here doc, what do you really know
I'm goin' out dancin'
And [Incomprehensible] boots on the floor

Can't come with you, baby, when you go
Can't come with you, don't you know
I still want you, need you so
Can't come with you, baby, when you go
And here I come knockin' at your door

I open my window, sun came out today
Open my window, sun came out today
Gonna give you the lovin'
That makes you wanna stay

Can't come with you, baby, when you go
Can't come with you, don't you know
I still want you, need you so
Can't come with you, baby, when you go
And here I come knockin' at your door

And when you're gone, I don't feel at home
Baby, when you're gone, I don't feel at home
You got the kind of lovin'
That I can't leave alone

Can't come with you, baby, when you go
Can't come with you, don't you know
I still want you, need you so
Can't come with you, baby, when you go
And here I come knockin' at your door

Here I come knockin' at your door
Said, here I come
Oh yeah
