She said, you need to work on yourself  
If you want this thing to work  
But there's a few dark places in your soul  
You might need to search

But that's what got me started thinkin'  
About the late night sprawlin' and drinkin'  
Just need to bring a few things to light  
If I'm gonna make this right

I've got to dig a little deeper  
To get me out of the hole that I'm in  
I've got to look a little further  
Into the man that I have been

I've got to take it way, way down  
And turn over a lot of new ground  
Dig a little deeper  
Get out of this hole I'm in

The more I look the more I knew  
How much of me was covered up  
Been livin' underground so long  
Couldn't see the light above

I knew the very best place to start  
Was right here in my doubtful eyes  
Yes, I know that I can do it  
Just got to put my back into it

And dig a little deeper  
To get me out of the hole that I'm in  
I've got to look a little further  
Into the man that I have been

I've got to take it way, way down  
And turn over a lot of new ground  
I've got to dig a little deeper  
To get out of this hole that I'm in

I've got to dig a little deeper  
Get out of this hole that I'm in

I've got to look a little further  
Into the man that I have been

I've got to take it way, way down  
And turn over a lot of new ground  
I've got to dig a little deeper  
Dig a little bit deeper  
Dig a little deeper  
To get out of this hole that I'm in

Got to dig, got to dig myself out  
Just a little bit
