A hundred miles is pretty damn far to read just
thoughts in circled lips harm rain (it's coming down)
connect the dots as simple as (impossible) route
possible was the road blocked at an end? has it ever
been so secluded? as the neon lights committed
suicide red cheeks met love supreme i grasped the
shallow shades cup typing letters scattered across the
floor committing hearts and souls on tape realising
rewind is not possible not to mention erasing fire
typing letters scattered across the floor committing
hearts and souls on tape realising rewind is not
possible symmetry criteria landslide pebbles orange
star neon lights red can i go symmetry hand on hand
off criteria symmetry don't mention it orange star
kisswise amplitude in chest feelings are complicated
symmetry criteria landslide symmetry pebbles kisswise
red can symmetry p
