Saturday morning, woke up at 10:44
Still all wasted from the night I had before
Turn over in my bed, I'm still feeling groggy
Who was that girl, we'll call her Lottie Dottie
Well, Lottie Dottie, she sure liked to party
Took a double at the body,
Knew that my eyes were red
We smoked an L and took it to the head
2 hours later she had me jumping in her bed
So Ladies, the ones getting played
Spread out & laid, like mustard, ketchup, mayonaise
Don't be afraid, 2 hours & no ties
When the sun comes up, it's good morning & goodbye

So that's the way, uh-huh that we like it
No need to fight it, we explode like riots
We are the ones that will make you buy it
So come on try it you know you're gonna like it

So you wanna be a player (Hell yeah)
Well, ladies you can be some players too
So you wanna be a player (Fuck yeah)
Just don't let them try to play you

Later that night there was a message on my Skytel
(Danny meet us at the club)
I'm like Oh well
Confidence and all thinking I'm the man
I walked out the front door, to my ride the band van
It was D-Bone, Max, Phil C and me
Ready to play these girls, 'cause it came so easily
But little did we know they had a plan already set
To get us to their place, something we would regret
There had to be like 50 of them lining up the room
Saying come on do it now, chill we'll start soon
I guess it just shows that anyone can pursue it
The only people that get played
Are the ones that do it

So that's the way, uh-huh that we like it
No need to fight it, we explode like riots
We are the ones that will make you buy it

So come on try it you know you're gonna like it

So you wanna be a player (Hell yeah)
Well, ladies you can be some players too
So you wanna be a player (Fuck yeah)
Just don't let them try to play you

We're all the same,
It's when we try to change the only ones
But we're not like them at all
In this life, we all try to be the only ones
But it's not like that at all
