Ah look down look down that lonesome road before you  
travel travel on  
Look up look up and seek your maker before Gabriel  
blows his horn  
Now I'm weary totin' such a load travelin' down that  
lonesome road  
Look down look down that lonesome road before you  
travel travel on  
[ guitar - steel ]  
True love true love what have I done that you should  
treat me treat me so  
Well you caused me to walk and talk like I've never  
done before  
Now I'm weary totin'...  
Ah look down look down that lonesome road before you  
travel travel on  
Ah look down look down that lonesome road before you  
travel travel on  
Ah look down look down that lonesome road before you  
travel travel on
